NURSES CARE FOR PEOPLE
A Note To Parents And Teachers

This booklet was developed to introduce young children to the wonderful world of nursing. We hope you will discover, along with the children, the excitement of nursing...the many opportunities in nursing...and the importance of nursing.

Most children (and a large number of grown-ups!) are unaware of what nurses do and what a major role nurses play in healthcare.

The Michigan League for Nursing — with this activities book — hopes to spark the imaginations and enthusiasm in young children toward a lifetime career in nursing...so that when a small boy or small girl is asked “What are you going to be when you grow up?” — we hear a rousing: “I want to be a NURSE!”

— Because Nurses Care For People —

We invite your child or student to submit their drawing to the Michigan League for Nursing/Michigan Nursing Career Center to be used for the promotion of nursing.

(All drawings submitted will become property of MLNMCNC.)

Jessica and Joshua went to summer camp. They were playing tag.

Joshua was running when he fell down and cut his knee.

Jessica ran for the camp nurse and said, "Please come quickly, Joshua is hurt!"

The nurse grabbed her bag and hurried outside. She washed Joshua's knee very clean and put on a band-aid. Joshua felt better. Jessica said, "Thank you, Nurse", and then they went off to play.

The Nurse was happy.
This is my Nurse Practitioner. She helps keep me healthy.
Nursing—There's no end to the possibilities. It's out of this world!
